

# Measurement: Length

Use a length of string to compare the length of each pair of lines.  
Lay the string against a ruler to determine the length.

Line A

Length: \_\_\_\_\_

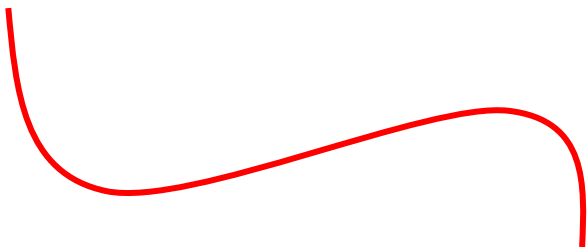

Line B

Length: \_\_\_\_\_

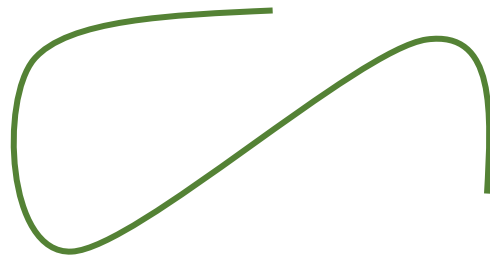

Line \_\_\_\_ is longer by \_\_\_\_\_.

Line C

Length: \_\_\_\_\_

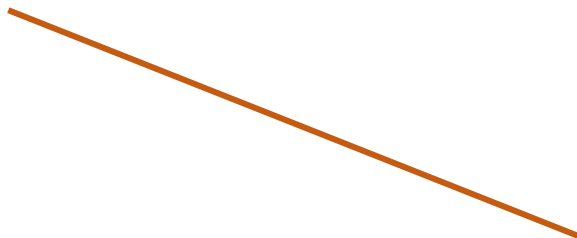

Line D

Length: \_\_\_\_\_

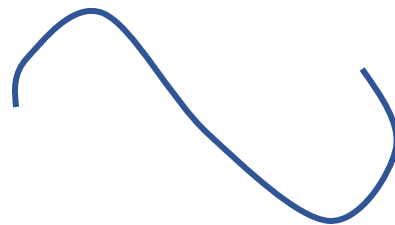

Line \_\_\_\_ is longer by \_\_\_\_\_.

Line E

Length: \_\_\_\_\_

Line F

Length: \_\_\_\_\_

Line \_\_\_\_ is longer by \_\_\_\_\_.

The total length of the lines is \_\_\_\_\_.
