

## Personification

### Goodnight

The sun slowly dives into the ocean,  
The light fades, then disappears.

The trees stretch their branches,  
It's time to settle in for the night.

The wind falls asleep,  
All is still, all is quiet.

Stars above smile brightly,  
Sleep well and goodnight.

1. Highlight all examples of personification you can find in the poem.
2. Complete the following table:

Object	Human Ability
sun	dives

3. Which is your favourite use of personification from the poem? Why?
4. Draw a picture to match one of the lines of personification.

**Challenge: Write your own personification poem!**
