

Visualising

Being able to create pictures in your mind to match texts is an important reading skill.

Read the following passage and build a matching picture in your mind.

Julie walked into the kitchen to make her breakfast. She opened the fridge door and almost fainted! An elf was sitting on the second top shelf of the fridge. A packet of cheese was to its left and a carton of milk was to its right. Julie had never seen an elf like this before. It had a red and green striped shirt and a pointy yellow hat. For some reason, it was wearing only one shoe!

Draw a matching image.

Think about the 5 senses- sight, hearing, smell, touch & taste.
