

## Word Problems- Mixed Operations

**First** Draw a box around the question.

**Second** Underline key words.

**Third** Circle important numbers.

**Fourth** Solve the problem. Show all your thinking.

1. The local ice cream shop sold 65 scoops of ice cream on Tuesday. They sold twice as many scoops on Wednesday. How many scoops of ice cream did they sell on Wednesday?

2. Darren has scored 74 tries so far this season. Lindsay has scored 33 tries. How many more tries has Darren scored?

3. A cargo ship is carrying 5 containers. Each container holds 13 cars. How many cars are on the cargo ship altogether?

4. Rose has a garden in the front yard and a garden in the back yard. The back garden has 532 flowers and the front garden has 393 flowers. How many fewer flowers does the front garden have?

5. A shop ordered 4 boxes of CDs, each holding the same number of CDs. In total, the shop received 32 DVDs. How many CDs were in each box?
