# Timetabling

Brook State School is holding a performance evening for parents. Your job is to plan a timetable for the event.

**Remember:**

- The principal will give a short (3 minute) introduction to the evening.
- Each class must perform.
- Allow classes 2 minutes to pack away and set up in between performances.
- You need to schedule one 15-minute break in the evening.
- The evening must begin at 5:00pm or later and cannot finish later than 7:30pm.

**Think about:**

- Does the class order matter?
- When during the evening would it be best for the choir to perform?

**Class Performance Durations**
