

Counting Patterns Maze

Follow the counting patterns to find your way home! Trace a line to show your path.

The maze consists of a grid of hexagonal cells. The starting point is labeled 'Start' and is accompanied by a cartoon bee. The path is defined by the following counting patterns:

- 1s:** Start at the cell with the number 1.
- 2s:** Move to the cell with the number 2.
- 3s:** Move to the cell with the number 3.
- 4s:** Move to the cell with the number 4.
- 5s:** Move to the cell with the number 5.
- 6s:** Move to the cell with the number 6.
- 7s:** Move to the cell with the number 7.

The final destination is labeled 'Home' and is accompanied by a beehive with a flag. The path leads from the 'Start' point through the numbered cells to the 'Home' point.
