

# Multiplication Puzzles

The image shows a large dashed rectangular frame. Inside the frame, on the left side, there are three circles, each containing four red balloons. In the top right corner of the frame, there is a 3x4 grid of black dots. In the center of the frame, the equation  $3 \times 4 = 12$  is written in large black font. Below this equation, the equation  $4 + 4 + 4$  is written in large black font.
