

# Multiplication Puzzles

The diagram illustrates multiplication through three different representations within a dashed rectangular frame:

- Grouped Objects:** Five circles, each containing three yellow bananas, arranged vertically on the left side.
- Array:** A 5x3 grid of black dots in the upper right quadrant.
- Equation:** The multiplication equation  $5 \times 3 = 15$  is written in the center.
- Addition:** The addition equation  $3 + 3 + 3 + 3 + 3$  is written at the bottom.
