

Elkonin Boxes

Elkonin Boxes help children segment words into individual sounds, helping to build phonological awareness.

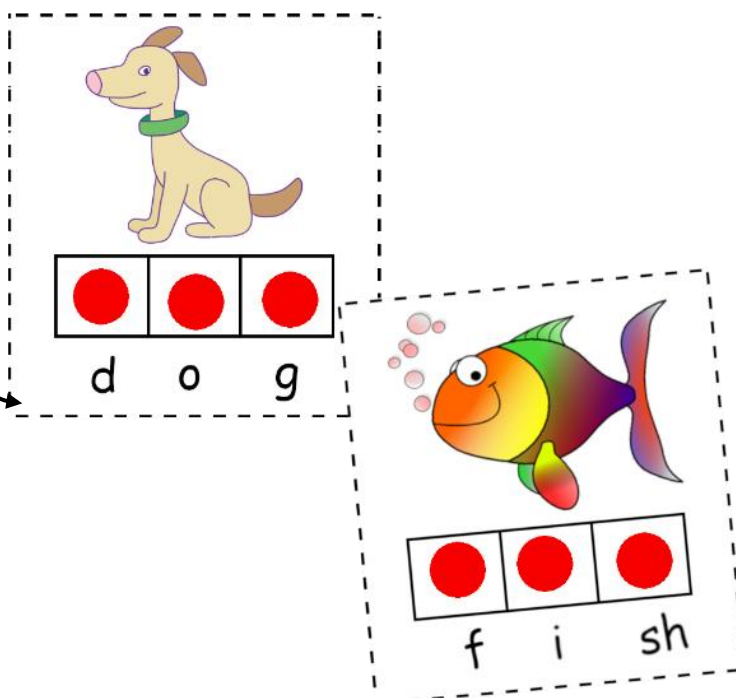

How to use:

1. Choose a picture card.
2. **Say** the word to the student.
3. Have **student repeat** the word.
4. Have **student count number of sounds** in the word (by looking at the number of boxes. It won't necessarily be the same as the number of letters in the word).
5. Have student slide a counter into each box as they say each sound.

Extension:

Have student write the letters that match the sound underneath the boxes.

Picture Reference

fish

dog

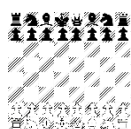

shake

duck

ship

chess

hen

cat

pig

cup/mug

nut

shut

bed

kick

chin

chain

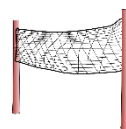

whip

moth

boat

net

sun

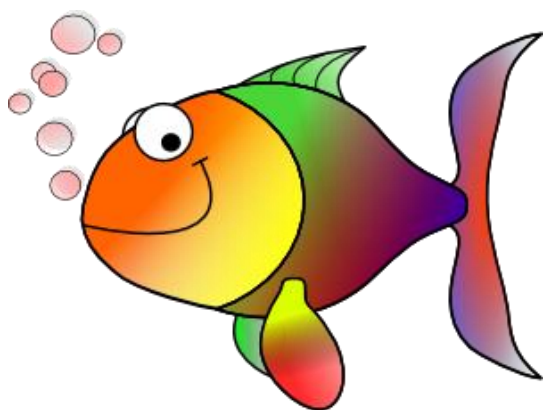

teeth

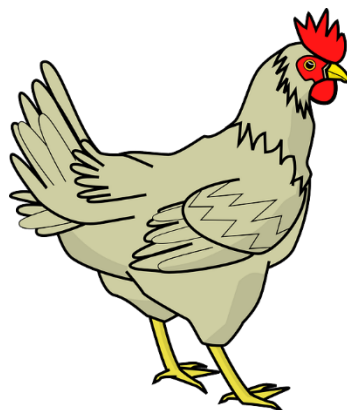

pin

well
