

## The Worst Day of My Life

I'm busy all night and all day,  
Round the clock, it's all the same.  
On my walk to school, it starts to rain,  
Raining so hard I have to swim.

In class I'm bored to tears,  
Lessons about algebra, fractions and more.  
Then reading, science and history,  
The day takes forever to end.

No better at home, working my fingers to the bone,  
A pile of homework reaching the sky.  
Chores that will take a thousand years,  
This is the worst day of my life!
