

Topic Sentences

A topic sentence tells the main idea of a paragraph. It usually comes at the beginning. The rest of the paragraph provides details about that topic.

Match up each topic sentence to its paragraph. You'll need to complete each topic sentence!

Playing _____ is beneficial to children.	Always take care when _____.
Not all _____ are the same.	Children should receive _____.
_____ make fantastic pets.	_____ are very smart animals.
They are very loyal and love to play games with their owners. Dogs are also very loving and caring so they are a great family pet. Dogs are great company. You'll never be lonely if you have a dog!	One reason is that it helps build muscle. It is also good for brain development. Sport is a great way to get kids moving while having fun. People who don't exercise much as children often lead unhealthy lives as they grow older.
They have an impressive ability to solve problems. Scientists have observed dolphins working together to achieve a goal. Dolphins can also mimic human behaviour and learn tricks very quickly. Dolphins have large brains.	Slips and falls can cause injuries in the pool. When swimming at a beach, always swim between the flags. The flags show which parts of the beach are safe for swimming. When swimming in a pond or a lake, always check how deep the water is before jumping in. Jumping into shallow water is very dangerous.
Homework teaches children to be responsible for their learning. If children don't learn this at an early age, it will be much more difficult later in life. In addition, homework provides children with extra opportunities to practice skills and concepts taught in class. This can only be a good thing.	Some volcanoes erupt powerfully, shooting lava out of the top of the volcano and into the air. Other volcanoes erupt more gently, letting lava flow out slowly. Lava can sometimes flow out of the sides of the volcano.
