

Solving 3x Facts

Multiplication Strategies

2x facts can be used to help solve 3x facts.

To solve...

4×3

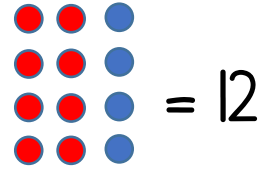

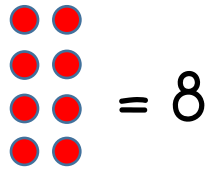

think...

4×2

then add another
group of 4

... 9, 10, 11, 12

$4 \times 3 = 12$

Think 6×2 +
6 more

6×3	12	
--------------	----	--

$6 \times 3 = \underline{\quad}$

Think $_ \times 2$ +
more

9×3		
--------------	--	--

$9 \times 3 = \underline{\quad}$

Think $_ \times 2$ +
more

8×3		
--------------	--	--

$8 \times 3 = \underline{\quad}$

Think $_ \times 2$ +
more

12×3		
---------------	--	--

$12 \times 3 = \underline{\quad}$
