Place the next 6 blocks to continue the pattern!

# Making Patterns

Copy this pattern.

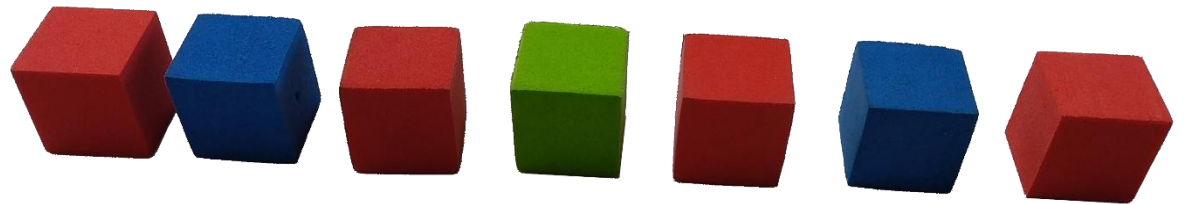

Place the next 6 blocks to continue the pattern!

Card 5

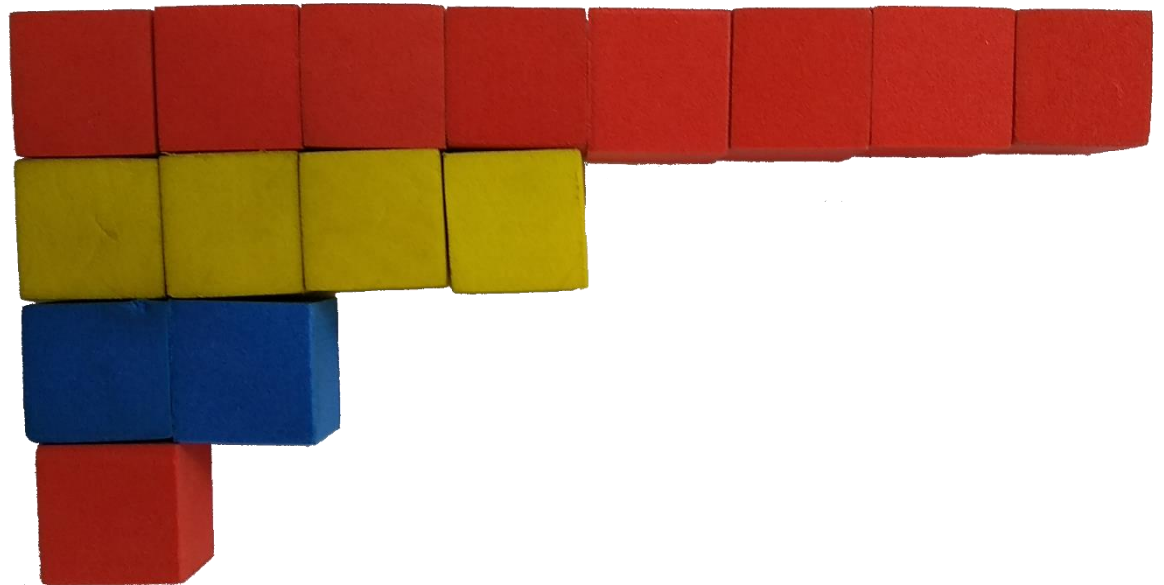

## Making Patterns

Can you see that this pattern is growing?

Copy this pattern and show the next step!

### Challenge:

How many blocks will be needed to make the 7<sup>th</sup> step?

## Making Patterns

Make the next 3 steps in this pattern.

### Challenge:

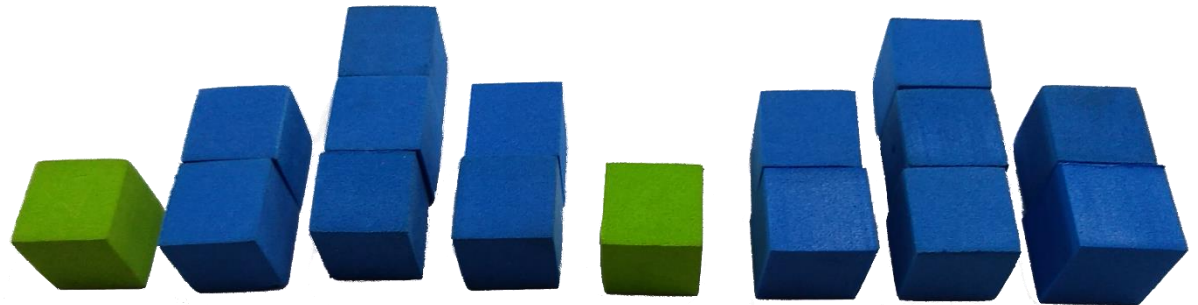

The first 3 steps are shown in the picture.  
How many blocks would be needed to  
make the 8<sup>th</sup> step? How do you know?

# Making Patterns

Copy this pattern.

Place the next 6 blocks to continue the pattern!

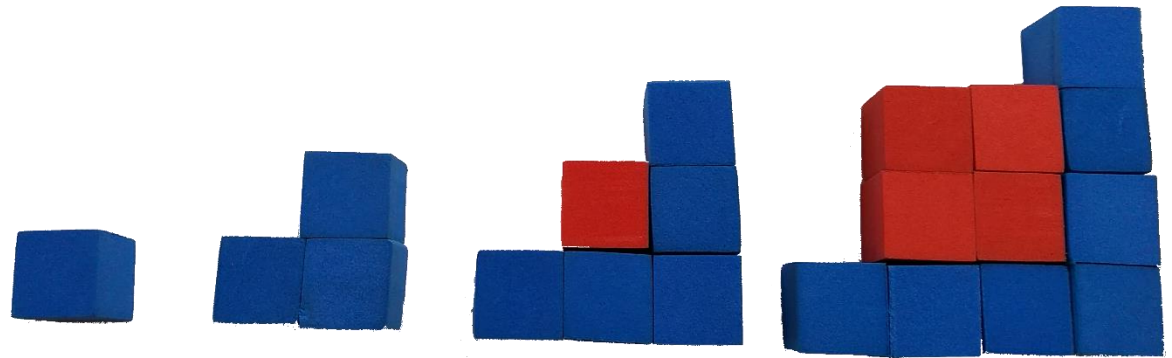

## Making Patterns

Make the next step in this pattern.

**Challenge:**

Represent this pattern using numbers instead of blocks.

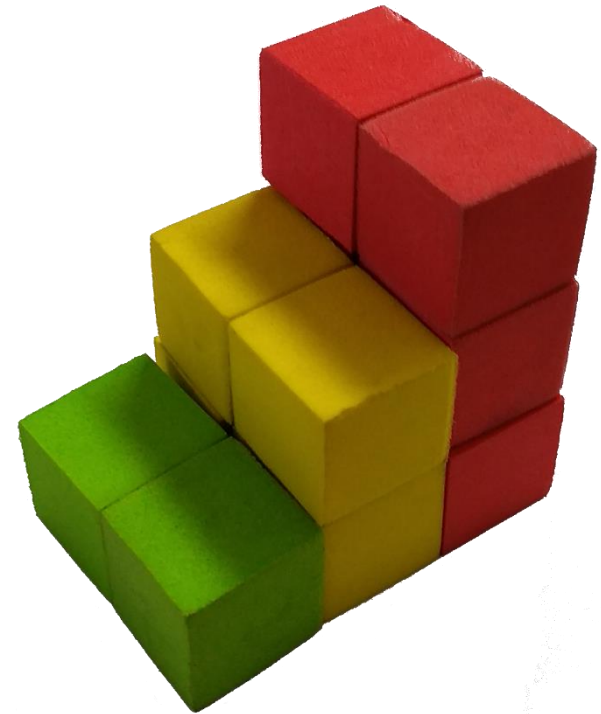

## Making Patterns

Make the next step in this pattern.

### Challenge:

How many blocks would be needed to make the 5<sup>th</sup> step?

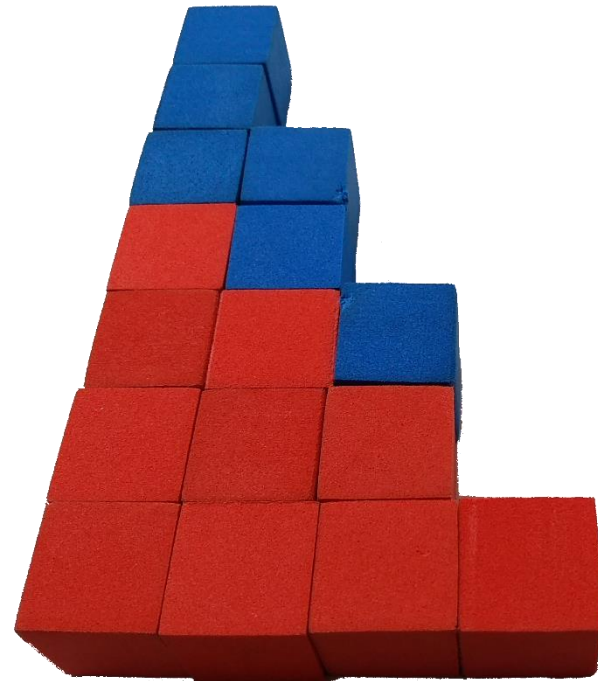

## Making Patterns

Use red and blue blocks to continue this pattern.

### Challenge:

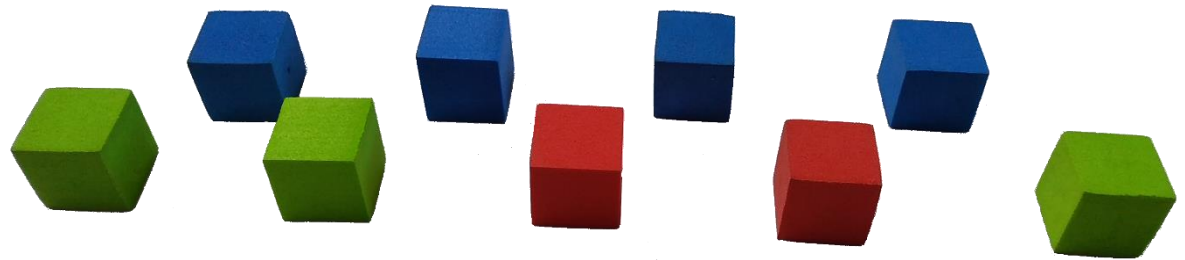

Try adding a third colour block to change this pattern!

# Making Patterns

Copy this pattern.

Place the next 6 blocks to continue the pattern!

# Making Patterns

Copy this pattern.

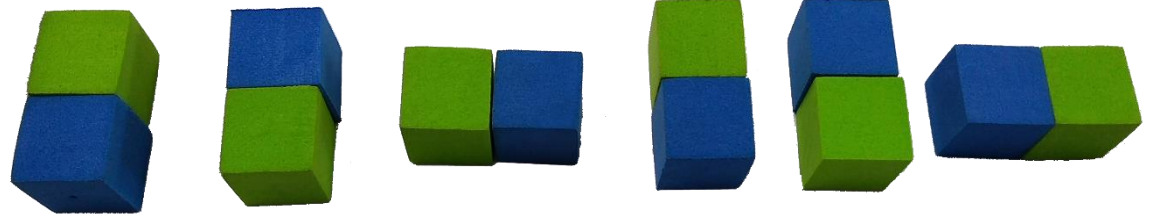

Place the next 6 blocks to continue the pattern!

# Making Patterns

Copy this pattern.

Show the next 6 steps in the pattern!

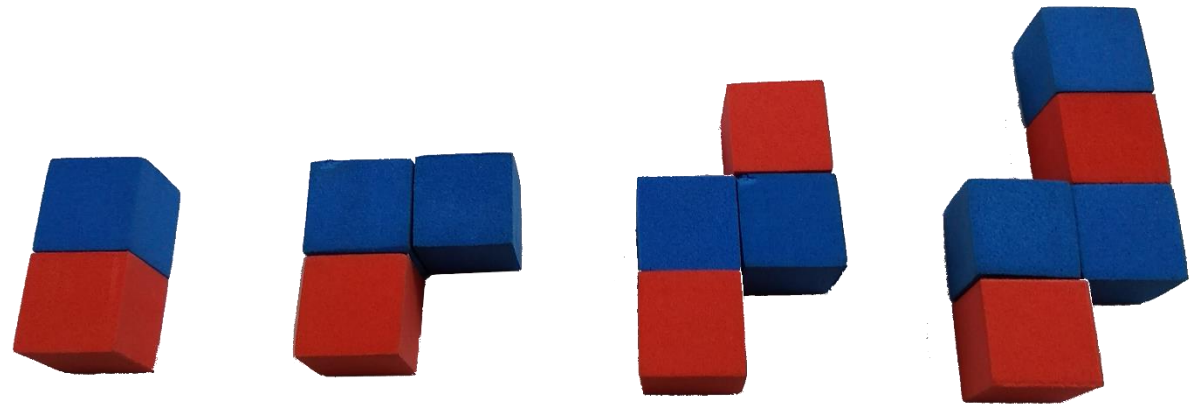

## Making Patterns

Make the next 2 steps in this pattern.

### Challenge:

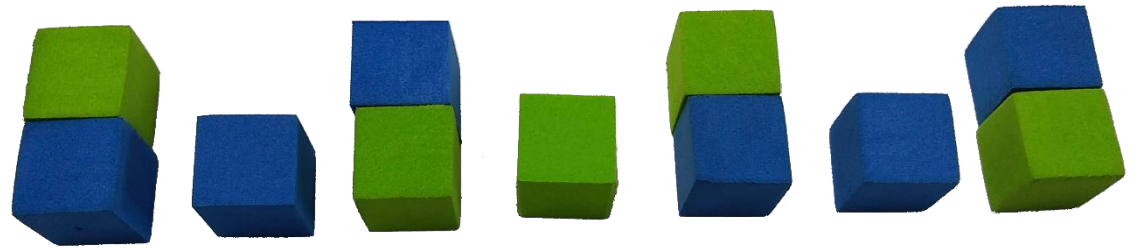

The first 4 steps are shown in the picture.  
How many blocks would be needed to make the 10<sup>th</sup> step? How do you know?

# Making Patterns

Copy this pattern.

Show the next 6 steps in the pattern!

## Making Patterns

Can you see which colour is growing?  
Copy this pattern and show the next  
6 blocks.

### **Challenge:**

Make your own growing pattern!
