Print, laminate and mix!

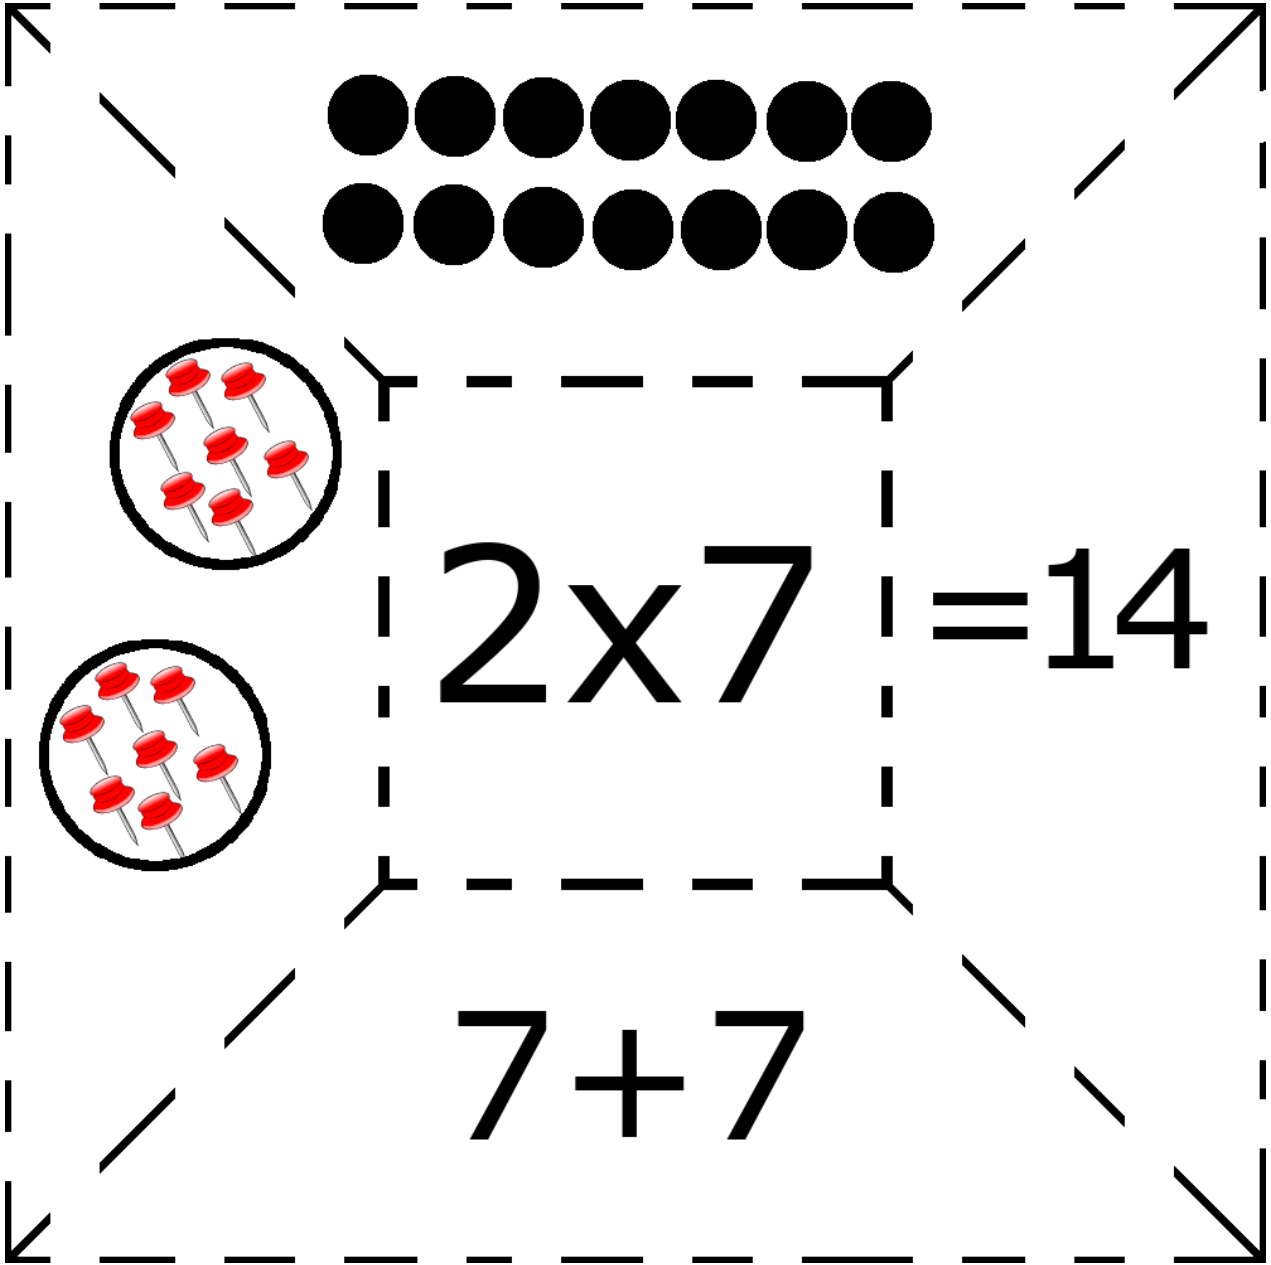

$$2 \times 6 = 12$$

EASYTEACHING.NET

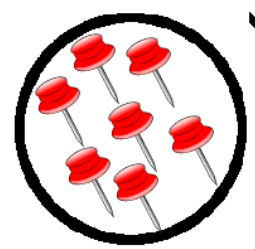

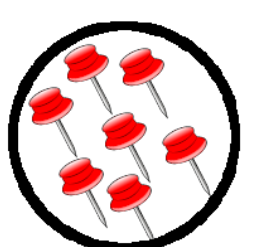

$$6 + 6$$

● ● ● ● ● ● ●
● ● ● ● ● ● ●

$2 \times 7 = 14$

$7 + 7$

$$3 \times 2 = 6$$

$$2 + 2 + 2$$

$$3 \times 3 = 9$$

$$3 + 3 + 3$$

$$3 \times 4 = 12$$

$$4 + 4 + 4$$

The image features a large dashed rectangular frame. Inside the frame, at the top, is a 3x7 grid of 21 black circles. To the left of this grid are three circles, each containing seven smaller, multi-colored circles. Below the grid of black circles is a dashed line. In the center of the frame, the equation $3 \times 7 = 21$ is written in large black font. Below this equation is another dashed line. At the bottom of the frame, the equation $7 + 7 + 7$ is written in large black font.

$$4 \times 2 = 8$$

$$2 + 2 + 2 + 2$$

$$4 \times 4 = 16$$

$$4 + 4 + 4 + 4$$

$4 \times 5 = 20$

$5 + 5 + 5 + 5$

The image features a large dashed rectangular frame. Inside the frame, there are four circles on the left side, each containing six small green cartoon dinosaurs. To the right of these circles is a 4x6 grid of 24 black dots. Below the grid, the equation $4 \times 6 = 24$ is written in large black font. Below the equation, the equation $6 + 6 + 6 + 6$ is written in large black font. The entire content is enclosed within the dashed frame.

The image features a large dashed rectangular frame. Inside the frame, there are several visual representations of multiplication:

- At the top center, a 3x5 grid of 15 black dots.
- On the left side, five circles arranged vertically, each containing three yellow bananas.
- In the center, the multiplication equation $5 \times 3 = 15$.
- At the bottom, the addition equation $3 + 3 + 3 + 3 + 3$.
