

Cause and Effect

The Beach Trip

Dee looked out at the blue sky. "What a great day for the beach," she said to herself. Dee knew that Sam loved to go to the beach, so she asked Sam if he wanted to go with her.

"Yes!" Sam said. He was excited.

Dee and Sam walked to the beach together. It was very sunny, so they found a spot of shade under a tree.

First, Dee and Sam played with the beach ball.

"It's getting very hot," Sam said. "Let's jump in the water!"

"Good idea!" Dee said.
