

Estimating 1 Kilogram (1kg)

Use a 1kg weight to help estimate the weight of different objects.

Do they feel less than 1kg, more than 1kg or about 1kg?

Weigh the objects to check your estimations!

Object	Estimate (circle)	Weight (kg / g)
_____	less than 1kg about 1kg more than 1kg	_____
_____	less than 1kg about 1kg more than 1kg	_____
_____	less than 1kg about 1kg more than 1kg	_____
_____	less than 1kg about 1kg more than 1kg	_____
_____	less than 1kg about 1kg more than 1kg	_____
_____	less than 1kg about 1kg more than 1kg	_____
_____	less than 1kg about 1kg more than 1kg	_____
_____	less than 1kg about 1kg more than 1kg	_____
