

Main Idea

The Concert

Ashley held her phone up, trying to point it towards the stage as best she could manage. She was so excited, and there were so many other people trying to do the same, that she was finding it difficult to keep her arm steady. "Can you believe she's right there in front of us?" she shouted excitedly, not taking her eyes off the stage. Never in her wildest dreams did she imagine she would see her idol.

"Which one is she?" her Mum replied, standing on her tip toes.

Ashley was too excited to notice the question. This was already the best night of her life, and her favourite song hadn't even been sung yet.
