

# Compare & Contrast

## Lions and Tigers

Lions and tigers are both very big cats. Lions are taller than tigers, but tigers are longer. Tigers are also stronger than lions. Male lions have a fluffy mane around their face. Tigers do not have manes. Tigers have orange fur with black stripes. A lion does not have stripes, and its fur is a dark yellow colour. Both animals have long tails.

Lions and tigers are both good at hunting. Lions hunt in groups, but tigers hunt by themselves. Both animals hunt at night. Most lions live in grasslands. Most Tigers live in rainforests or grasslands.

Cut and paste the facts to compare lions and tigers.

males have a fluffy mane	long tail	orange fur with black stripes	good at hunting
cats	stronger and longer	dark yellow fur	very big
