

Level 2

David's Birthday

David had his friends over for a party. First, they ate some party food. There was plenty of food! David liked the popcorn best.

Next, they played some party games. Mark won the Egg and Spoon race. Todd won Pin the Tail on the Donkey. Mark and Todd each got a special toy car. David did not win any games, but he still had a lot of fun.

After the party games, it was time to open presents. Each of his friends had brought a small present for David.

“These are great presents!” said David.

Then, David's mum brought out a chocolate cake with seven candles on top. She cut it up and gave some to each of his friends.

“This party is so much fun!” said Madi.

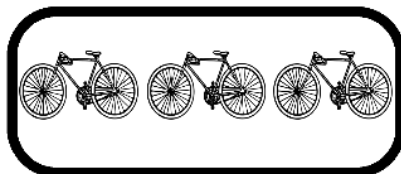

After his friends had gone home, David went for a ride on his new red bike.

“Can I have a go?” said Mia.

David shook his head. He wasn't ready to stop riding just yet. David rode and rode. He rode until it was time for dinner.

“Can I keep my bike inside the house?” he asked his parents.
