

Level 3

Sports

Children should play more sport. Sport is important for kids of all ages. It's fun, healthy and good for teaching children many different skills.

Playing sports helps children stay fit and healthy. Lots of kids don't get enough exercise. Sport is a great way to get kids moving while having fun. People who don't exercise much as children often lead unhealthy lives as they get older. By getting young people involved in sport, we can help people to be healthy for the rest of their lives.

Playing sport is also a wonderful way for children to improve their social skills. Sport teaches children to be more confident. They learn to interact with a range of different people, including children and adults. Above all, sport encourages children to make new friends. Sport is an important gift that we must give our children.

Teamwork is a very important life skill. Playing a team sport teaches kids how to work together. Sports like soccer, football and basketball are great at teaching these skills. Playing team sports encourages children to work together towards a common goal. Sport is the perfect way for children to learn teamwork skills.

Children must play more sport. Let's turn off the T.V. and get moving!

Task A: Comprehension
