

Subtraction Race!

A game for 2-4 players.

- You Need:**
- 2x 6-sided dice
 - Game Board
 - A counter for each player

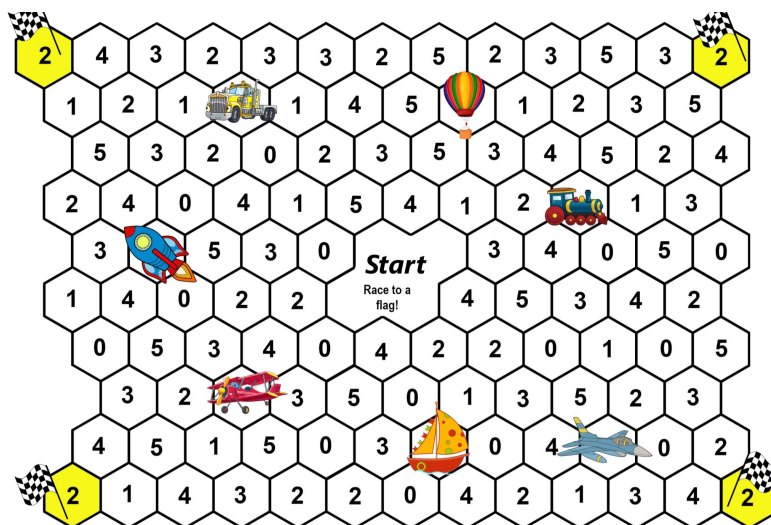

How to Play:

The goal is to reach one of the four finish flags spaces.

1. Each player places their counter on the 'Start' space.
2. Player 1 rolls the two dice and subtracts the smaller number from the larger number.

For example, if '6' and '4' are rolled, the difference is 2. A move can be made to an adjoining space that shows a 2. If two of the same numbers are rolled, the difference is 0.

3. The next player has their turn.
4. The first player to make it to a finish flag wins!
