

# Addition Race!

A game for 2-4 players.

- You Need:**
- 2x 6-sided dice
  - Game Board
  - A counter for each player

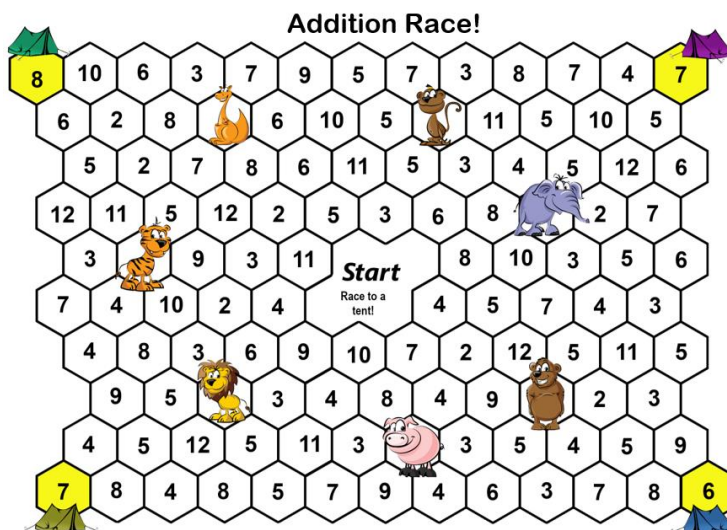

## How to Play:

The goal is to reach one of the four finish tent spaces.

1. Each player places their counter on the 'Start' space.
2. Player 1 rolls the two dice and finds the total of the two numbers.
3. Player 1 may then move to any adjoining space that shows that same number. If a player cannot move, the next player has their turn.

*For example, if '3' and '4' are rolled, the total is 7. The player can move to an adjoining space that shows a 7.*

4. The next player has their turn.
5. The first player to make it to one of the tents wins!
